1. INTRODUCTION

Netball is an exciting, fast and skilful game of fair contest. It is a game in which two teams of seven players each strive to keep or gain possession of the ball.

The team with the ball, through running, jumping, throwing and catching, attempts to move the ball into its goal circle from where a goal may be scored, while the opposing team uses defensive movements and strategies to prevent this and to gain possession. The team with the greater number of goals is the winner of the match.

Players have specified areas in which they can move. Play restarts after each goal with teams having alternate possession.

The Rules are based on the core values of equal opportunity, fair play and respect for an opponent's skill and safety.

- It is the responsibility of players to ensure that they are physically and technically prepared in a manner that enables them to play the Game, comply with the Rules and participate safely in a sporting and fair manner. This includes responding to rulings made by the umpires and adjusting play accordingly.
- It is the responsibility of those who coach or teach the Game to ensure that players are prepared in a manner that ensures compliance with the Rules of the Game as well as an understanding of both sporting behaviour and safe practices.

1. INTRODUCTION

- It is the responsibility of umpires to apply the Rules of the Game with impartiality, fairness and consistency.
- It is the responsibility of controlling bodies at all levels to ensure that the Game is conducted and developed in accordance with disciplined and sporting behaviour.

While Netball developed first as a game predominantly played by women and girls, it is now played by boys and girls, women and men.

The Rules are written for international play. Variations in some Rules may be made locally for players of different levels or to meet other conditions (refer Appendix D).

INF publishes the Rules of Netball in several different languages. If there is divergence in wording, the English text is authoritative.

- (iv) An opposing player who is the correct distance from a player with the ball may attempt to intercept the ball or defend the player with the ball:
 - (a) Either by jumping upwards or towards the player with the ball and landing within 0.9 m (3 ft) provided this does not interfere with the shooting or passing action.
 - (b) If the player with the ball reduces the distance between them.
- (v) A defending player may be within 0.9 m (3 ft) of an opponent with the ball provided there is no interference with the throwing or shooting action of this player. The defending player may not make any effort to deflect or intercept the ball or defend the player with the ball.

11.2 OBSTRUCTION OF A PLAYER NOT IN POSSESSION OF THE BALL

- (i) A player who is within 0.9 m (3 ft) of an opponent (measured between the nearest part of the nearer feet on the ground) may stretch out arms to:
 - (a) Catch, deflect or intercept a pass or a fake pass.
 - (b) Catch, deflect or bat a rebound from an unsuccessful shot at goal.
 - (c) Momentarily signal for a pass or to indicate the intended direction of a movement.
- (ii) A player who is within 0.9 m (3 ft) of an opponent (measured between the nearest part of the nearer feet on the ground) may not, whether attacking or defending, use movements that take the arms away from the body so as to limit the possible movement of an opponent, except as required for natural body stance.

12. CONTACT

Sanction for contact infringements: *Penalty pass where the infringer was standing unless the places the non-infringing team at a disadvantage.*

12.1 CONTACT AND CONTEST

When attacking, defending or playing the ball, opposing players may come into physical contact with each other. Provided the players do not interfere with each other's play or use their bodies to gain an unfair advantage over their opponent, it is deemed to be 'contest' and play continues. 'Contact' occurs when a player's actions interfere with an opponent's play whether these are accidental or deliberate.

12.2 INTERFERENCE

Interference may occur in the following ways:

- (i) Physical contact using any part of the body to limit an opponent's ability to move freely (this includes, but is not limited to, pushing, tripping, holding or leaning on an opponent).
- (ii) Knocking or hitting a player including when shooting for goal.
- (iii) Placing hand/s on the ball held by an opponent.
- (iv) Hitting the ball held by an opponent or removing it from an opponent's possession.
- (v) While holding the ball, pushing it into an opponent.

12. CONTACT

12.2.1 Moving into Player's Space

A player causes contact by:

- (i) Landing in a place already occupied by an opponent before the movement began.
- (ii) Moving into the path of an opponent who is committed to a particular landing space.

12.2.2 Inevitable Contact

Player/s, whether moving or stationary, may not position so closely to an opponent that this player is unable to move without contacting.

12.2.3 Simultaneous Contact

If two opposing players contact simultaneously a toss up is taken between the two players concerned.

13. GAME MANAGEMENT

The umpires apply the Rules of the Game fairly, communicate clearly and maintain a calm, decisive control.

A player who infringes any part of the foul play rule [Rule 13.2] will be disciplined. Players on the court are expected to respond to rulings by the umpires and adjust their play accordingly.

Similar requirements apply to team officials and bench players.

13.1 ACTIONS THAT MAY BE TAKEN BY UMPIRES

- (i) To manage a match the umpires may, *in addition to the normal sanction*, use any of the following actions:
 - (a) Caution a player: a player is advised that the behaviour specified must change.
 - (b) Issue a warning to a player: a player is warned that suspension will follow if the player continues to infringe the foul play rule.
 - (c) Suspend a player: a player who is suspended takes no part in play for 2 minutes playing time.
 - (d) Order a player off: a player who is ordered off takes no further part in the match.
- (ii) Normally an umpire will work through these actions in the order indicated unless an offence is serious enough to require a higher level of Game Management to be applied immediately.
- (iii) A decision to give a caution, a warning, to suspend a player or order a player off will be considered to have been made jointly by both umpires and is binding on the co-umpire.

13. GAME MANAGEMENT

- (iv) To give a caution, warning, suspension or ordering off, the umpire will:
 - (a) Hold time.
 - (b) Signal to the official bench, using the appropriate umpire hand signal [Appendix B].
 - (c) Use the specific term 'caution', 'warning', suspension' or 'ordering off'.
 - (d) Advise the player of the behaviour for which the action is being applied.
 - (e) State any action that will follow if the behaviour does not change.
- (v) The co-umpire may hold time if an act of foul play is observed that is not seen by the controlling umpire and a sanction has not already been awarded for an infringement. Such cases should be limited to serious actions which require a warning, suspension or ordering off.
 - (a) The co-umpire will immediately blow the whistle to hold time and provide details of the foul play to the controlling umpire with a recommendation of the action that should be taken.
 - (b) The controlling umpire will make the final decision about any action to be taken and will restart play.

13.1.1 Caution

An umpire may give a caution to a player and advise that a specified behaviour must change.

- (i) Only one caution may be given to a player for a specific instance of foul play.
- (ii) If a player is given a caution for different instances of foul play, the umpire must consider escalating this to a warning.

13. GAME MANAGEMENT

13.1.2 Warning

If a player continues to infringe after receiving a caution for a specified behaviour, the umpire will issue a warning to the player.

- (i) Where appropriate a warning may be given even if no caution has been issued.
- (ii) Only one warning may be given to a player in a match.

13.1.3 Suspension

The umpire will suspend a player following a warning if the player continues to infringe the foul play rules.

- (i) Where appropriate the umpire may suspend a player even if no warning has been given.
- (ii) Only one suspension may be given to a player in a match.
- (iii) A player who is suspended must immediately leave the court.
- (iv) While off the court the suspended player is seated at the umpires' bench under the supervision of the reserve umpire.
- (v) No substitute is permitted and the suspended player's position is left vacant unless this player is the Centre. In this case one player must move to play as Centre during the suspension.
- (vi) The suspension period of 2 minutes playing time begins when play recommences. Once the suspension period has been completed, the suspended player is able to return to the court at the next break in play (after a goal is scored, during a stoppage or interval, when a sanction is awarded, a throw in or toss up taken).

13. GAME MANAGEMENT

- (vii) The suspended player returns to the original playing position and any player who moved to play as Centre during the suspension returns to the previous playing position.
- (viii) A suspended player may join the team during any interval that occurs during the suspension but must return to the umpires' bench when play resumes.

13.1.4 Ordering off

The umpire will order a player off the court following a suspension if the player continues to infringe the foul play rules.

- (i) Where appropriate an umpire may order a player off the court even if no suspension has been given.
- (ii) A player who has been ordered off may not take any further part in the match.
- (iii) A player who is ordered off must immediately leave the court.
- (iv) The player reports to the appropriate team officials on the team bench and may not re-enter the field of play.
- (v) No substitute is permitted and the player's position is left vacant for the remainder of the match, unless the player is the Centre. In this case one player must move to play as Centre and the position of this player is left vacant for the remainder of the match.

13. GAME MANAGEMENT

13.2 FOUL PLAY

Foul play is anything a player does within the field of play that is contrary to the letter and spirit of the Rules of the Game or does not meet accepted standards of good sportsmanship. It includes unfair play, dangerous play and misconduct.

13.2.1 Unfair Play

A player must not play unfairly. This includes delaying play, intentional infringing (including when the ball is not in play), persistent infringing, intimidation or retaliation.

(i) Delaying play

A player may not intentionally waste time or delay play.

Sanction: Penalty pass which is advanced (unless the non-infringing team is disadvantaged) and the player is cautioned.

- 1. The sanction may be advanced up to half a third (this may be to inside the goal circle if the infringement is in the goal third).*
- 2. The infringer stands out of play at the new position. If this is in an offside area the infringer moves to the edge of this area.*

(ii) Intentional infringing

A player must not intentionally infringe any rules.

Sanction: Penalty pass and the player is cautioned. If the player continues to infringe either a warning will be given or, if considered appropriate, the umpire will suspend the player.

(iii) Persistent infringing

A player must not persist in repeatedly infringing a rule or combination of rules.

13. GAME MANAGEMENT

Sanction: Penalty pass and the player is cautioned. If the player continues to infringe either a warning will be given or, if considered appropriate, the umpire will suspend the player.

(iv) Intimidation

A player, either with or without the ball, may not intimidate an opponent by using intentional behaviour (including verbal comments) designed to distract.

Sanction: Penalty pass and the player is cautioned.

(v) Retaliation

A player must not retaliate even if an opponent infringes the Rules.

Sanction: Penalty pass and the player is cautioned. If the action is considered to be serious the player is given a warning or suspended.

13.2.2 Dangerous Play

A player must not take any action, either reckless or dangerous that could affect the safety of another player. Such actions may include but are not limited to:

- (i) Punching, kicking, tripping or striking a player with any part of the body.
- (ii) Causing a player in the air to fall by moving into the path of that player.

Sanction: Penalty pass and the player is either warned, suspended or in a serious case ordered off.

13. GAME MANAGEMENT

13.2.3 Misconduct

Misconduct is any behaviour that is contrary to accepted standards of good sportsmanship.

(i) Dissent with an umpire

A player may not dispute a ruling given by an umpire or direct any offensive, insulting or abusive language and/or gestures at an umpire. If an umpire's call is not clearly heard a player may ask the umpire to repeat the infringement penalised or seek clarification of where a sanction is to be taken.

Sanction: Penalty pass and the player is either cautioned or given a warning. In a serious case the umpire will suspend the player.

(ii) Actions contrary to good sportsmanship

A player must not act in a manner contrary to accepted standards of good sportsmanship.

Sanction: Penalty pass and the player is either given a warning or suspended. In a serious case the umpire will order the player off.

13.3 DISCIPLINE OF TEAM OFFICIALS AND BENCH PLAYERS

During play team officials and bench players must remain at the team bench, except that bench players may leave the team bench for a valid reason (such as to warm up).

(i) During a match team officials and bench players may not:

- (a) Criticise the umpires or their decisions.
- (b) Use offensive, insulting or abusive language and/or gestures.
- (c) Use excessive noise or interruption.
- (d) Encourage foul play by on-court players.

13. GAME MANAGEMENT

Sanction: Penalty pass to the non-infringing team taken where the ball was when play was stopped. If the ball was out of court the penalty pass is taken on court in line with where the ball was out of court. No player is required to stand out of play for the penalty pass.

- (ii) Either umpire may hold time and notify the person/s concerned regarding such behaviour.

The following progression of actions will normally be used:

- (a) Caution.
 - (b) Warning.
 - (c) Order the person's removal from the playing enclosure.
- (ii) A warning may, if appropriate, be advised as applying to all team officials and bench players of the team concerned.

Sanction: Penalty pass to the non-infringing team taken where the ball was when play was stopped. If the ball was out of court the penalty pass is taken on court in line with where the ball was out of court. No player is required to stand out of play for the penalty pass.

- (iii) In the event that team officials or bench players do not respond to the umpire actions, the umpire requests the event organiser to remove them from the playing enclosure for the remainder of the match (including any contact with the team during intervals).

These match guidelines are to be used in conjunction with the INF Rules of Netball (2020 edition).

Officials should also be familiar with any event regulations for the competition and the INF Technical Officials Manual where this applies to interaction with the umpires.

RULE 3. TECHNICAL SPECIFICATIONS

- (i) [Rules 3.1 – 3.3]. The event organiser prepares the playing enclosure, the goalposts and ball to the specifications stated.
- (ii) Before a match starts the umpires:
 - (a) [Rule 3]. Inspect the playing enclosure, goalposts and match balls to check they conform to the Rules and provide a safe environment for play.
 - (b) [Rule 3.2]. These checks should include nets and pole padding (which should extend the **full length** of the pole).
- (iii) [Rule 3.3]. The event organiser provides at least two balls. These must meet all the specifications stated and be in a good condition.
 - (a) The umpires select the match ball and a spare ball to be held at the official bench.
 - (b) The same ball is used throughout the match unless the umpires instruct that it is replaced.
 - (c) Time will be held for blood on the ball, to allow it to be cleaned or replaced. In all other situations time should not be held for the ball to be wiped, instead it should be replaced.

RULE 4. MATCH DURATION

- (i) Before a match the umpires check with the event organiser:
 - (a) [Rule 4.1 (i)]. The length of the half-time interval.
 - (b) [Rule 4.2]. Whether extra time will be played if scores are tied at full-time, including the length of each half.
- (ii) During an interval the umpires may leave the playing enclosure. If both umpires leave, the reserve umpire remains there to check no changes occur to the field of play that could necessitate a further inspection.

RULE 5. MATCH PERSONNEL

- (i) [Rule 5.1.1 (iv)]. Prior to the match the umpires check the players in their respective changing rooms to ensure they meet all requirements.
 - (a) It is recommended that both umpires are together to carry out the check of each team.
 - (b) Umpires should remind players to check they are not wearing any adornments or jewellery before carrying out the inspection.
 - (c) Umpires should be satisfied that hair is suitably tied back so as not to provide a hazard or distraction for other players on the court.
- (ii) [Rule 5.1.1 (v) (a)]. The captains toss for choice of first centre pass or goal end. The toss is conducted on the field of play and must be observed by the reserve umpire. The two captains notify the scorers and the umpires of the result of the toss.
- (iii) [Rule 5.2.1 (i)]. After the captains have tossed, the umpires toss for goal end:
 - (a) The umpire's toss is observed by the reserve umpire.
 - (b) A member of either team may request to be present to observe the umpire's toss.

APPENDIX A: MATCH GUIDELINES

- (iv) Before play commences the umpires:
- (a) [Rule 5.1.1 (i)]. Check the players meet the requirements for play and the teams can be easily distinguished on the court. If necessary the teams will be required to wear bibs that distinguish them more easily or, if available, an alternative uniform.
 - (b) [Rule 5.1.1 (v) (d)]. Identify who the on-court captain is for each team. If the captain leaves the court during the match the umpires ensure they are advised which player is the replacement captain.
 - (c) [Rule 5.1.2 (ii) (b)]. Confirm the primary care persons are wearing appropriate identification.
 - (d) Check the team bench has a maximum of 12 players and up to 5 team officials. No other person/s are permitted to sit on the team bench.
Note: *If an accredited team doctor is present they must sit behind the team bench or in the opposite 'zone' with the media and other technical officials. Medical emergencies may occur at any time and common sense must apply as these emergencies will demand medical assistance as quickly as possible.*
 - (e) [Rules 5.3.1 and 5.3.2]. Ensure scorers and timekeepers are ready to commence their duties.
- (v) [Rule 5.2.1 (ii)]. An umpire's whistle starts and stops play as follows:
- (a) To instruct the timekeeper to commence timing at the beginning of a period of play or to restart play after a stoppage; a long whistle with umpire hand signal 1 [Appendix B].
 - (b) During play for an infringement, a toss up, to restart play after a goal or, when needed, to indicate the ball is out of court; a medium whistle with the relevant umpire hand signal [Appendix B].

APPENDIX A: MATCH GUIDELINES

- (c) To instruct the timekeeper to hold time; a medium whistle roll with umpire hand signal 2 [Appendix B].
 - (d) To end a period of play; a long whistle roll.
- (vi) [Rule 5.1 (ii)]. During a match:
- (a) If a team has less than 5 players available to take the court the umpire will blow the whistle to end play and award the match to the opposing team.
 - (b) If a team has more than 7 players on the court, the umpire will hold time and instruct the additional players to leave the court immediately. If players delay leaving the court the umpire will penalise the infringing player/s for delaying play [Rule 13.2.1 (i)].
- (vii) [Rule 5.2.2(i)] The reserve umpire should be ready to take the court quickly if required to replace an umpire who is injured or ill. Before taking the court the reserve umpire must ensure that they are aware of any cautions, warnings, suspensions or ordering off that have already been given by the umpires and the reasons for their action.
- (viii) [Rule 6.1.2 (i) (a)]. When penalising an infringement:
- (a) The umpire states the infringement and the sanction together with the appropriate umpire hand signal [Appendix B]. In a very fast moving match, due to the speed of play, experienced umpires may just state the infringement together with the appropriate umpire hand signal. [Appendix B].
 - (b) The umpire indicates where the sanction is to be taken. While reasonable flexibility may be used through the court it is important the position is clearly indicated in the goal circle or when it involves different court areas.

RULE 6. MATCH PROCEDURES

- (i) Before the start of a match and at the end of a period of play, both umpires check with the scorer which team has the next centre pass.
- (ii) [Rule 6.1.1 (iv)]. Throughout a match both umpires indicate the team to take a centre pass with umpire hand signal 3 [Appendix B]:
 - (a) [Rule 6.1.1 (iv) (a)]. If the umpires disagree the umpire nearer the official bench checks the centre pass with the scorer and time may be held while a check is made.
 - (b) [Rule 6.1.1 (iv) (b)]. Before the match starts the event organiser advises the means of notification by the scorer. If both umpires indicate the centre pass incorrectly, the scorer notifies them so a check can be made and notification **must be made before the centre pass has been taken**. An audible sound should be used for this purpose with umpire alerts used to cover any possible malfunction of that audible sound.
 - (c) If time is held immediately after a goal has been scored, the scorer will indicate the direction of the centre pass to restart play.
 - (d) The umpires may request a 'centre pass check' from the scorer as required.
- (iii) When the ball goes out of court the umpire controlling the side line or goal line indicates the direction of the team to take the throw in with umpire hand signal 3 or 4 [Appendix B].
- (iv) For any stoppage:
 - (a) Either umpire may hold time as appropriate. If a player is shooting for goal the shot may be completed before play is held, unless circumstances require time to be held urgently.

- (b) During a stoppage, both umpires remain on their respective side lines unless the situation requires a different course of action.
- (v) At the end of each period of play:
 - (a) [Rule 5.3.2 (iii)]. The timekeeper advises both umpires simultaneously when the specified time is reached. An electronic signal (siren) should be used by the timekeeper, with umpire alerts or a hand-held air horn used to cover any possible malfunction of that siren.
 - (b) [Rules 4.1 (iii) & 7.1.3 (iii)]. The controlling umpire immediately ends play. If play is to be extended for a penalty pass to be taken, the umpire will advise the players that time is being extended for the sanction to be taken.
 - (c) In the event the controlling umpire is unaware play should end, the co-umpire will signal the end of play. If play is to be extended for a penalty pass to be taken, the controlling umpire will advise the players that time is being extended for the penalty pass to be taken.

RULE 7. SANCTIONS

- (i) [Rule 7.1.3 (i)]. When a penalty pass is awarded, the sanction is 'set' when the player taking the penalty pass is positioned correctly with the ball and the infringer is also positioned correctly. 3 seconds is measured from the time **both** players are in position.

RULE 8. CONTROLLING PLAY

- (i) Warning whistles are given prior to the start of play:
 - (a) 30 seconds before play, a medium whistle roll.
 - (b) 10 seconds before play, a long whistle roll.
- (ii) At the start of each period of play, the umpire crossing the court takes the ball to the centre of the court before moving to the side line.

RULE 9. DURING PLAY

- (i) [Rule 9.2]. If a late player takes the court at an incorrect time, the player is sent from the court and the infringing team decides who should stand out of play for the penalty pass.
- (ii) [Rule 9.3.1]. Injury/illness or blood:
 - (a) If an on court player requests time to be held the umpire asks 'why?' If the reason relates to injury/ illness or blood, time is held. The umpire points to the player for whom play has been stopped and calls the playing position. The bench-side umpire advises the timekeeper of the reason and the player involved.
 - (b) Primary care person/s **wearing the correct identification**, may come onto the court to assess the player's injury/illness and to assist the player from the court. The player leaves the court and play restarts within 30 seconds (the timekeeper warns the umpire when 10 seconds remain).
 - (c) If the injury/illness is such that the player cannot be moved safely from the court within 30 seconds the primary care person/s alert the nearer umpire and advise the action that is appropriate. The umpires also remain alert for the need to check if a delay appears likely. The umpire decides how long time is held but endeavours to restart play as soon as possible.

- (d) Either umpire holds time when blood is seen on a player, the ball or the court. If blood is on the player or the player's clothing, the player must leave the court within 30 seconds and may not return to the court until this has been cleaned or clothing replaced.
 - (e) Any other players from either team with blood on them or their clothing must leave the court within 30 seconds and may not return to the court until this has been cleaned or clothing replaced.
 - (f) For blood on the court, time is held until it has been cleaned.
 - (g) For blood on the ball, time is held until this has been cleaned or alternatively the ball may be replaced.
 - (h) During a stoppage for injury/illness or blood, team officials and bench players may move onto the court surround so players may receive coaching and/or hydration.
 - (i) When time is held for blood, injury or illness to a player, substitutes or team changes may be made by both teams at any time during the stoppage. Substitutes may not enter the court until time has been held. The player concerned must leave the court before play may recommence.
 - (j) All players not affected or being substituted must remain on the court.
- (iii) [Rule 9.3.2]. Other stoppages:
- (a) For all other stoppages, the decision to hold time and the length of the stoppage is at the discretion of the umpires and either umpire may act as appropriate.
 - (b) It is important that consistent standards are used when deciding whether to hold time or not when the ball leaves the field of play. Loss of playing time is equally important at any time during a match, not just in the final minutes of a closely contested match.

RULE 13. GAME MANAGEMENT

- (i) An umpire **must** act if Foul Play is observed and the Rules provide **clear consequences** for unfair play, dangerous play and misconduct. Umpires are expected to rule accurately as with any other infringement. They should not avoid making difficult decisions regardless of the time elapsed in a match or what the resulting consequences may be. While umpires are expected to set and maintain clear standards and tone throughout a match, **players are ultimately responsible for changing their own behaviour.**
- (ii) Umpires have a range of strategies to control a match before resorting to formal game management. These should be applied in a way that is not officious or arrogant. When used skilfully and with understanding, these strategies will assist in minimising infringements by ensuring players are aware of the standards required of them so they can adjust their play accordingly.

Strategies may include the following:

- Wise choice between use of whistle or use of advantage.
- Change in delivery.
- Informal advice.
- Holding time to speak to players.

It is expected that these strategies will be used appropriately as the match context requires.

Formal game management **must** be applied when Foul Play occurs [Rule 13.2].

(iii) **Wise choice between use of whistle or use of advantage**

At times it will be necessary for the umpire to use the whistle to penalise an infringement. At other times, the skilled application of advantage will ensure that the flow of the game is maintained without control being lost or the non-infringing team being disadvantaged. Getting the correct balance here relies on the umpire's judgement and expertise.

(iv) **Change in delivery**

When umpires feel they need to deliver a stronger message, this can be achieved in several ways including:

- (a) Change in whistle tone, volume or length.
- (b) Change in voice tone, volume or speed of delivery (calm but firm).
- (c) Tactical pause to gain the player's attention.
- (d) Firmly state playing position first, followed by the infringement and sanction.
- (e) Body language.
- (f) Eye contact with player.

(v) **Informal advice**

Umpires should have a range of phrases they can use to indicate to players they need to change their behaviour without the need to hold time. This applies to low-level incidents only.

Examples of effective, specific phrases that can be used to change player behaviour include: Stay onside, adjust your distance.

Examples of ineffective, non-specific phrases that are unlikely to change player behaviour and should be avoided include: Tidy up, no more.

(vi) **Holding time to speak to players**

Umpires may hold time to speak to on-court players about their behaviour or to request the Captain to speak to any on-court player whose behaviour is causing concern.

If the umpire requests the Captain to speak to their player/s, the umpires will allow the Captain sufficient time to speak to the player/s concerned and then restart play as soon as possible.

Holding time adds a degree of seriousness when there is a pattern of infringing by a team or when opposing players are testing the limits of fair play and good sportsmanship. Everyone, including the team officials and bench players, is made aware that the umpire considers it important enough to stop play.

APPENDIX C: UMPIRE TERMINOLOGY

When penalising an infringement, umpires should use the correct terminology for the infringement including correct use of playing positions [Rule 5.1.1 (ii)] and court areas [Rule 3.1]. Following a clearly communicated ruling by the umpire [Rule 6.1.2 (i) (a)], players should be able to understand the infringement and change their behaviour. At international level, terminology used should be precise and succinct. For matches below international level, additional information may be required to ensure that players are aware of how they need to change their behaviour.

APPENDIX D: VARIATIONS FOR OTHER LEVELS OF PLAY

Variations to the Rules may be made for matches that are not for international play. The extent of these variations will depend on the level of competition. For elite level competitions it is likely that few changes will be made, while for matches at lower levels changes may be more extensive.

Decisions regarding variations will normally be made by the controlling authority for the competition. Any variations should maintain the integrity of the Game on the court and should not change the way it is played. The following are some examples of variations that might be used.

(i) **Teams**

- (a) Teams may be made up of players of the same gender or may be mixed.
- (b) Team officials may be fewer than specified and may therefore undertake several duties. However, primary care person/s must not be players and it is preferable that they do not hold any other role.

(ii) **Equipment**

- (a) Courts may be outdoors where different surface materials may be used.
- (b) While international play uses 3-ply balls, a lower grade of ball (2-ply) may be used at lower levels. 2-ply balls will usually have a lower inflation level of 62-69 kPa (9-10 psi). For matches played outdoors the ball will usually have a lower inflation level.

(iii) Time

- (a) Time may be played in halves rather than quarters and these may vary in length up to a maximum of 20 minutes.
- (b) Quarters may be of a shorter length.
- (c) Intervals may be of a shorter length.
- (d) Extra time requirements may be varied.

(iv) Match and Technical Officials

- (a) A reserve umpire may not always be appointed.
- (b) The number of technical officials may be fewer (at least one scorer and one timekeeper should be appointed).
- (c) Umpires may use more specific terms if required for clarification e.g. for 'penalty pass' the umpire may state 'penalty pass or shot'.

(v) Matches for Young Players

For primary school age children, who are just beginning to play Netball, it is likely more extensive modifications may be desirable to allow for differences in stature, strength and skill level. Thus a lower goalpost or a smaller ball may be used. A modified game with variations to the playing rules may be developed to meet the needs of such players.
